## E-BOOK NO 6: HYBRID WORKPLACE

## THE WORKPLACE OF THE FUTURE

Improve your procedures, ease your day - create a flexible workplace!

## WHAT IS A HYBRID WORKPLACE?

As the modern business world becomes more flexible than ever seen before, our office areas must match new needs. That is the reason why, flexible work and hybrid processes are some of the most hyped and discussed topics in the business world today. Our way of working was due to the pandemic forced to be evaluated and this paragdigme shift has forever disrupted our way of working: Our work environment and processes must now adapt to our work life and not the other way around.

To ensure that a hybrid workplace will become a benefit for your business, it is crucial to implement user-friendly and frictionless booking solutions. To create a space for everyone in the workforce to book workspaces and other resources when they like it, where they like it and how they like it.

Do you want to learn how to give your employees a user-friendly, productive and flexible work experience? An experience that will foster both employee satisfaction and even enables businesses to downsize office square meters and - by managing and gain valuable insights into occupancy rates - induce markable brick and mortar savings! In this e-book you can explore how a tech driven office can change and ease your way of working.

## **9 HYBRID WORKPLACE BENEFITS**

### **REDUCED COSTS**

Downsize office square meters and - by gaining valuable insights into occupancy rates - induce markable brick and mortar savings

### SATISFIED STAFF

A hybrid work model delivers a broad spectrum of choices for your employees - matching their individual and shifting needs - of the workday

**SIMPLICITY** User-friendly and frictionless booking solutions, enables all users to simplify workflows. To be able to create frictionless bookings - simple, quick and easy - just by the touch of your fingertip

TALENT FROM ANYWHERE

A hybrid and flexible way of working makes it possible to hire talent from around the world - geographical mobility and a larger talent pool!

### STRONG TEAM RELATIONSHIP

The tech driven office will support team spirit and drive. Satisfied employees who are given the choice how to work, are more likely to have a sustainable and long-term collaboration.

## PRODUCTIVITY

Improved mental well-being is equal to greater productivity. To accommodate individual work needs and to create a work frame with more freedom and flexibility will foster much happier employees.

## RETENTION

Companies with an old-school 9-5 office work model are losing their employees to companies that are willing to give employees what they want - flexibility and freedom. Happy employees are loyal employees

## **BOOKING FROM ANYWHERE AT ANY TIME**

You can book your work space of the day whereever you are located. On your way to work via public transportation? Perfect, book from a booking app. Are you placed in your home office? No problem! Book directly in your Outlook calendar. It is easy and time-efficient.

## THE GREENER CHOICE

Reduced real estate costs and square meter usage means a smaller office footprint. Less employee commuting, more flexible work hours also contribute to a greener profile.

## MAKE YOUR OFFICE FLEXIBLE

## WITH PRODUCTS FROM FISCHER & KERRN

Booked but unused meeting rooms or desks are not only expensive but also very frustrating and time consuming. Actually, in most cases, a desk for every single employee is way over the line. Limit the amount of desks in your office, let your employees work remote a couple of days a week (or more) and enjoy not only valuable economical assets but also a more satisfied workforce.

The product range from Fischer & Kerrn will help you manage your office area in the most effective manner, fitted your needs and requirements.

## INNOVATIVE WORKPLACE BOOKING SOFTWARE FOR THE SMART OFFICE SPACE

The versatile product suite from Fischer & Kerrn makes it easier for businesses to achieve a total effordless and smooth working experience - anytime and anywhere.

So - take a look and dive in to our product suite and discover on your own just how frictionless and neat a software and hardware hybrid office solution can be.

### **BOOKING FROM OUTLOOK**

Booking in Outlook, using CONCIERGE RESOURCES, enables you to fulfill a hasslefree and intuive booking flow. The booking software is completely integrated into Microsoft Outlook and makes it simple to order catering and services, select cost code for invoicing and pre-book visitors. Booking meeting rooms, desks and other resources can also be done smoothly.

#### **MOBILE APP**

Easy room and desk booking from app! Book your desk on your way to work or find and book a conference room for your ad hoc meeting with the right facilities and location - easily done directly on your phone. Book, check-in, prolong, end before time or release upcoming reservations.

The CONCIERGE GO app is the perfect smart office tool for businesses to add value and to obtain a powerful and flexible workforce.

#### **BOOKING DISPLAYS**

With booking displays from Fischer & Kerrn, you can easily book a desk or meeting room from a central placed touch screen in your office area. The display solution is not only for booking purposes - you can actually even search for, and find, your colleagues.

It furthermore allows you to check-in to your booking, either by using your RFID ID card or with your personal pin code. The display solution supports the branding experince of the company and provides the office space with a very professional apperance.

### **ROOM PANELS**

With the Fischer & Kerrn Room Panel and the CONCIERGE DISPLAY ROOMS software you experience a neat and user friendly experience. The meeting room screen has RFID card reader option, unique remote configuration and is Powered over Ethernet.

The LED light shows the avaliability - which creates a complete overview of free meeting rooms in your office area. The customizable layout possibilities supports the overall branding experience with your company, and ensure a holistic and superior approach. The screens are easily mounted on wall or glass.

#### **DESK PANELS**

Office space management at it's finest! The Fischer & Kerrn Desk Panel is a sleek and elegant desk booking display that is easy to mount on any desk. The desk panel provides a clear indication of which desks are available. If you have booked a desk in advance the desk panel will display your booking. The desk booking panel can even release a desk booking if the booking hasn't been confirmed via the panel. This is what you need to make your office smart - and to manage and monitor the occupancy of your space.

### PIR-SENSOR AND BUSY LIGHT

The Fischer & Kerrn PIR-sensor and Busy Light combination is a perfect solution if you want to optimize how you manage your workplace.

The PIR-sensor is capable of measuring and reporting temperature, humidity, light, movement, motion, shock, detecting leaks, open / closed doors and windows. With the device you get a holistic solution for monotoring of the office invironment. The Busy Light can signal availability of rooms and desks. Furthermore, the Busy Light can be paired with the occupancy sensor.

#### OCCUPANCY SENSOR

The intelligent workplace sensors represent the newest, state-of-the-art technology and can transform your office into an intelligent, modern and smart workplace.

With actionable insights and access to a powerful dashboard - this unique solution delivers a great opportunity to exploit your office space, eliminate employee waste time and save on unused real estate.

## **ABOUT FISCHER & KERRN**

We create frictionless and unique workplaces for our customers by providing them with innovative and user-friendly software booking tools.
